

# About Maintenance

## Maintenance Procedures

**1. Please clean with the dedicated microfiber cloth (included with the product).**

Most dirt and cloudiness can be removed by dry wiping. If it is difficult to remove, please use damp wiping.

## Prohibited Actions

**• 1. Do not attach stickers, cellophane tape, duct tape, etc. to the surface.**

The adhesive solvent may transfer to the painted surface, causing discoloration, stains, or peeling of the paint film. (The surface may also be damaged when removing adhesive tape.)

**• 2. Do not apply alcohol disinfectant, thinner, etc. to the surface. (Repairs will be charged.)**

This may cause peeling of the paint film.

## In Case of Scratches

**1. If scratches occur, please contact us. (Repairs will be charged.)**

### Important Notes:

- The surface has a finish similar to that of a luxury automobile. Therefore, please handle with utmost care.
- The glass polymer effect lasts for more than 2 years. If fingerprints or dust become easily noticeable, or if the water repellency diminishes, please contact us.
- If you have any questions, please feel free to contact us.
